SUPPLEMENTARY SUMMARY REPORT OF INVESTIGATION<sup>1</sup>

## I. EXECUTIVE SUMMARY

Date of Incident:	July 4, 2013
Time of Incident:	1:42 P.M.
Location of Incident:	5645 S. State Street, Chicago, IL
Date of IPRA Notification:	July 4, 2013
Time of IPRA Notification:	2:06 P.M.

On December 18, 2017, the above log was reopened by the Civilian Office of Police Accountability (COPA) for the purpose of reviewing documents, discovery and depositions from *Patricia Green v. City of Chicago et al.*, Case No. 13 L 014041. The case was originally opened by the Independent Police Review Authority (IPRA) after the fatal officer involved shooting of [REDACTED] on July 4, 2013. The case was closed at IPRA on January 30, 2015. IPRA found the officer involved shooting of [REDACTED] to be within policy.

Although *Patricia Green v. City of Chicago et al.*, Case No. 13 L 014041, was filed on December 13, 2013, none of the documents, discovery or depositions in the case were referenced or reviewed during IPRA's investigation. On April 18, 2017, after a jury trial in the Circuit Court of Cook County Law Division before Judge Elizabeth Budzinski, the Plaintiff, [REDACTED] as administrator of the estate of [REDACTED] was awarded \$350,000 in damages.<sup>2</sup> COPA reviewed the litigation materials generated prior to the jury trial seeking to determine whether any of the officers made inconsistent statements during the course of their depositions during the pendency of the litigation, or if any new, credible witnesses surfaced that had information relative to the fatal officer involved shooting death of [REDACTED]. During this reevaluation, COPA also reviewed the original summary report and the documents relied upon therein that served as a basis for the original findings.

After a thorough review, COPA has determined that additional investigative steps should not be taken, nor should involved officers be presented with allegations of misconduct. Information and evidence obtained since the original investigation's conclusion is summarized below. This COPA Supplemental Summary report does not repeat information contained in the original summary report.

<sup>1</sup> On September 15, 2017, the Civilian Office of Police Accountability (COPA) replaced the Independent Police Review Authority (IPRA) as the civilian oversight agency of the Chicago Police Department. Therefore, this investigation, which began under IPRA, was transferred to COPA on September 15, 2017, and the recommendation(s) set forth herein are the recommendation(s) of COPA.

<sup>2</sup> The verdict in the civil lawsuit does not impact COPA's findings in this case.

**IV. INVESTIGATION**<sup>3</sup>**a. Depositions taken pursuant to the case of *Patricia Green v. City of Chicago et al.*, Case No. 13 L 014041<sup>4</sup>**Department Members:<sup>5</sup>

Though **Officer Gonzalez** provided additional information during his deposition, his statements are materially consistent with his prior testimony and reports. Officer Gonzalez stated that his police vehicle was stopped when he took all eleven shots, and he was inside his police vehicle when he fired all eleven shots. According to Officer Gonzalez, he fired his weapon because [REDACTED] was in possession of a gun and that gun was pointed at him and his partner. He also alleged that he was attempting to aim at [REDACTED] center mass area. Officer Gonzalez believed that [REDACTED] had the gun in his hand when Officer Gonzalez fired every shot at [REDACTED]. Officer Gonzalez stated that at the time he discharged his weapon, [REDACTED] was pointing the barrel of the gun that he had in his hands in the direction of Officer Gonzalez. Officer Gonzalez did not recall announcing his

<sup>3</sup> COPA conducted a thorough and complete investigation. The following is a summary of new material evidence gathered and relied upon in our analysis.

<sup>4</sup> The depositions in this case, of both officers and witnesses, were not reviewed or investigated by IPRA.

<sup>5</sup> All involved officers were interviewed by detectives and their interviews are contained in the case supplementary report (RD#HW348165), their interviews are consistent with their prior statements to IPRA and depositions.

office, but he did tell [REDACTED] to drop the gun numerous times. Officer Gonzalez estimated that he fired at [REDACTED] from an estimated distance of 25 feet but agreed it could have been a little farther. Officer Gonzalez further agreed that the distance may have increased from shot 1 through 11. Officer Gonzalez also reiterated that he did not know the exact positioning of [REDACTED] as he fired, but instead was entirely focused on the barrel of [REDACTED] gun which he alleged was pointed at him. Officer Gonzalez stated that he was focused on the upper portion of [REDACTED] body which was "silhouetted" behind the barrel of a gun pointed in his direction. Officer Gonzalez fired at [REDACTED] because of this threat. After Officer Gonzalez saw [REDACTED] drop to the ground, Officer Gonzalez ceased firing his weapon.

Though **Officer Nichols** provided additional information during his deposition, his statements are consistent with his prior testimony and reports. Officer Nichols first observed [REDACTED] at the school standing with other teenagers. [REDACTED] kept looking at the officers and separating himself from the rest of the group. [REDACTED] started to flee, and Officer Nichols gave chase in his unmarked vehicle. Officer Leano got out the vehicle and gave chase on foot. Officer Nichols lost sight of [REDACTED] for a second, but regained sight of him and his partner in the middle of the block between Wabash Street and State Street. Officer Nichols proceeded to 57<sup>th</sup> Street and State Street and slowed down his vehicle. At this point, Officers Hernandez and Gonzalez passed him on 57<sup>th</sup> Street and State Street, also in an unmarked vehicle. Officers Hernandez and Gonzalez proceeded northbound on State Street and Officer Nichols proceeded right behind them in his vehicle. Officer Nichols went around them and parked at the State Street edge of the vacant lot. Officer Nichols saw [REDACTED] running in the vacant lot holding a gun. Officer Nichols believed that [REDACTED] was pointing the gun at Officers Gonzalez and Hernandez. Officer Nichols then heard multiple gunshots and saw [REDACTED] stumble. Officer Nichols then exited his vehicle and followed [REDACTED] into the vacant lot. Officer Nichols ran eastbound into the vacant lot. Officer Nichols saw [REDACTED] collapse, and he placed him in handcuffs, did a protective pat down and called for EMT.

Though **Officer Leano** provided additional information during his deposition, his statements are consistent with his prior testimony and reports.<sup>6</sup> Officer Leano first noticed the butt of a gun when [REDACTED] was running from him right before the alley. [REDACTED] attempted to pull the gun out of his right waistband. Officer Leano lost sight of [REDACTED] when [REDACTED] ran onto State Street. Officer Leano heard somebody say drop the gun. Officer Leano did not see a gun in [REDACTED] hand when he was in the vacant lot. Officer Leano did not see [REDACTED] being shot; he heard the shots and saw [REDACTED] stumble. Officer Leano did not see [REDACTED] point a gun at anybody.

Though **Officer Hernandez** provided additional information during his deposition, his statements are consistent with his prior testimony and reports. The first time he saw [REDACTED] was when he was cutting through the lot behind the liquor store. Officer Hernandez did not see [REDACTED] try to throw the gun away. Officer Hernandez came to a complete stop when [REDACTED] started cutting east into the vacant lot. [REDACTED] was running away but pointing a gun in the officers' direction. At some point [REDACTED] dropped the gun, but Officer Hernandez does not know exactly when that was in relation to the shots being fired by Officer Gonzalez. According to Officer Hernandez, [REDACTED] tried to pick the gun up. Officer Hernandez told him not to pick up the gun. [REDACTED] attempted to

reach for the weapon but could not grab it. [REDACTED] then kept moving forward toward the alley. After [REDACTED] fell to the ground, Officer Nichols placed him into custody.

Civilians:

[REDACTED] was **deposed** and indicated she was present for the officer involved shooting of [REDACTED] but was standing a block away on the corner of 57<sup>th</sup> Street and Wabash Avenue. [REDACTED] further indicated that [REDACTED] was her daughter's best friend. [REDACTED] saw [REDACTED] running on State Street past the liquor store into the field near 57<sup>th</sup> Street and State Street. [REDACTED] did not see [REDACTED] stop in the vicinity of the liquor store and pick anything up. [REDACTED] could see [REDACTED] hands; his left hand was holding his pants up and his right hand was free. [REDACTED] observed an unmarked car turn west onto 57<sup>th</sup> Street from State Street. [REDACTED] heard some yelling and then heard gunshots but did not have a vantage point of the incident. [REDACTED] last saw [REDACTED] when he entered the vacant lot at 57<sup>th</sup> Street and State Street as officers pursued. [REDACTED] did not believe [REDACTED] was a threat to the police. [REDACTED] never saw him point a weapon at the officers.<sup>7</sup>

[REDACTED] was **deposed** and indicated that she was also present for the officer involved shooting of [REDACTED] was outside barbequing when she heard sirens and saw [REDACTED] running toward her direction. [REDACTED] had a vantage point from her [REDACTED] apartment at [REDACTED] direction of travel was northbound through the alley between Wabash and State Street. [REDACTED] first saw [REDACTED] running from the police in the alley near 57<sup>th</sup> Street, approximately a half a block from State Street. [REDACTED] was being chased by a blue and white police vehicle. [REDACTED] never saw [REDACTED] run at any point in time on State Street during the incident. [REDACTED] did not see any police officers chasing [REDACTED] on foot. [REDACTED] ran down the alley and began to cut through a field, heading towards State Street. An unmarked Chicago police vehicle jumped a curb on State Street and drove into the field, stopping somewhere in the middle of the field. [REDACTED] looked back at the vehicle and attempted to change his path of direction. [REDACTED] stated that [REDACTED] had nothing in his hands and was running like a track runner with his hands balled up. She did not see [REDACTED] possess a weapon. [REDACTED] saw [REDACTED] turn around while fleeing but believed he did so to see how close the vehicle chasing was behind him. She did not see [REDACTED] point anything towards the officers.

The passenger officer in the unmarked police vehicle that jumped the curb on State Street started to fire at [REDACTED] and [REDACTED] was hit in the back. [REDACTED] described the shooting officer as Mexican. Officers approached [REDACTED] after the shooting. One officer, not the shooting officer, stepped on [REDACTED] back while another officer handcuffed him. The officers were cursing at [REDACTED] while he was on the ground.<sup>8</sup>

[REDACTED] was sure that [REDACTED] never ran by, or in front of, the liquor store on the corner of 57<sup>th</sup> Street and State Street.

[REDACTED] **deposition** was consistent with his prior statement to IPRA.

<sup>7</sup> [REDACTED] was not previously identified as a witness in IPRA's original investigation of the incident.

<sup>8</sup> [REDACTED] was identified as a witness in IPRA's original investigation of the incident, though [REDACTED] declined to sit for an interview.

██████████ deposition was consistent with his prior statement to IPRA and the affidavit identified below.

**b. Affidavits of Witnesses<sup>9</sup>**

██████████ affidavit indicated that she was on the back porch of her residence at ██████████ when she witnessed the officer involved shooting. ██████████ saw an officer shoot ██████████ in the back. ██████████ was running away from the officer when he was shot in the back. ██████████ did not have anything in his hands when he was shot, and at no time did ██████████ see ██████████ in possession of a gun. ██████████ did not see ██████████ turn towards the officers or in any way threaten the officers. ██████████ saw a Latino officer in a red shirt and black vest shoot ██████████ as ██████████ was running away. She saw the same officer flip over ██████████ body after he fell to the ground.

██████████ affidavit indicated that on the day of the incident she was at ██████████ cooking on the back patio. She was with her daughter-in-law ██████████ saw a white male officer in the passenger seat of a police vehicle shooting out the window of the vehicle. The male officer was wearing a red shirt. ██████████ indicated that the officers who exited the police vehicle occupied by the officer that shot at ██████████ did not fire their weapons while outside of that police vehicle. ██████████ indicated that when the officer fired at ██████████ back was facing the officers. ██████████ never observed a gun in ██████████ hands or anywhere around him. ██████████ yelled from her balcony toward the officers, “[D]on’t plant no gun on him either.”<sup>10</sup>

██████████ affidavit indicated that on the day of the incident he was on 57<sup>th</sup> Street between Wabash Avenue and State Street. He was in a backyard cooking. He observed a police officer chasing ██████████ on foot. The officer was a male Latino wearing a red jacket. ██████████ indicated that ██████████ was running toward Wabash Avenue. The officer shot ██████████ when ██████████ back was turned toward the officer. ██████████ observed nothing in ██████████ hands. ██████████ never pointed a gun at a police officer. The pursuing officer shot at ██████████ three times and ██████████ fell to the ground. ██████████ got up and attempted to flee again, but at this point two additional officers pulled up in a marked SUV, got out of their vehicle and began shooting at ██████████ Martin was 30-50 feet from the shooting and nothing was blocking his view. ██████████ never saw ██████████ with a gun, and never saw the officers pick up a firearm off the ground.

██████████ affidavit indicated that on the day of the incident she was on her porch at ██████████ Before the incident, she was walking towards 57<sup>th</sup> Street from her home when she saw ██████████ running north on State Street. ██████████ indicated that there was nothing in ██████████ hands. ██████████ was holding his baggy pants up with his left hand, and nothing was in his right hand. ██████████ heard a gunshot and ran back to her porch. ██████████ heard 6-7 gunshots while on her porch but did not witness the shooting.

<sup>9</sup> The affidavits of witnesses were produced by Plaintiff’s counsel in the litigation and not reviewed or investigated by IPRA.

<sup>10</sup> ██████████ mother-in-law, passed before being able to sit for a deposition.

**c. Expert Reports<sup>11</sup>**

**The Plaintiff, ██████** obtained an expert in the case of *Patricia Green v. City of Chicago et al.*, Case No. 13 L 014041. The expert, Dennis Waller, drafted a report for the litigation. Waller indicated that the placement of the ██████ gunshot wound, to the left spine on ██████ back, proceeding through and through in a relatively level manner exiting to the right and below the left nipple of his chest, is inconsistent with ██████ turning to the right and pointing a gun at Officer Gonzalez. Waller opined that the wound path refutes the contention that, at the time he was shot, ██████ turned to the right and pointed a gun directly at Officer Gonzalez. Further, Waller opined that the location of the entrance wound, and subsequent wound track is consistent with an individual being shot in the back as he is running directly away. Specifically, Waller indicated that the wound is inconsistent with Officer Gonzalez's statements, "I believe at the time that I was firing my weapon that he had a gun in his hand, and he was pointing it at me while I was firing" and, "He [██████] was running away but pointing the gun in our direction." Waller opined that Officer Gonzalez was not in rational fear of imminent death or great bodily harm to himself or others at the time he fired eleven shots because ██████ was running away. He also opined that it was likely that ██████ dropped the gun long before he was shot as the gun was found approximately 77 feet from ██████ body.

**The Defendant, City of Chicago, obtained an expert in the case of *Patricia Green v. City of Chicago et al.***, Case No. 13 L 014041. The expert, Emanuel Kapelsohn of the Peregrine Corporation, drafted a report for the litigation. Kapelsohn did a walk-through of the scene with Officers Gonzalez and Hernandez, test fired Officer Gonzalez's weapon for accuracy, and electronically timed Officer Gonzalez firing a series of rapid shots from his firearm. Kapelsohn opined that Officer Gonzalez's decision to fire at ██████ was appropriate for a variety of reasons. First, he indicated that although ██████ was running away, ██████ turned and pointed the gun in the direction of Officer Gonzalez (as indicated by Officers Gonzalez, Hernandez and Nichols), and that "a gun that a suspect has pointed well away from the officer, such as with the gun's muzzle pointed straight upward, straight downward, or 90 degrees to the right or the left of the officer, can be brought to bear on the officer and fired in a quarter of a second (0.25 seconds) or less." Further, it was clearly determined, through videotape and officer testimony, that ██████ did in fact have a firearm in his possession when he entered the vacant lot.

The timed series of rapid shots revealed that, at most, it took 1.24 seconds for Officer Gonzalez to fire all eleven shots. As such, Kapelsohn opined that Officer Gonzalez shot immediately after ██████ presented a threat by pointing the weapon in his direction. Officer Gonzalez fired only the amount of times necessary to end the threat by firing at the "center mass" of ██████ and his silhouette, while focusing on the "barrel of the gun." Kapelsohn opined that ██████ being shot in the back does not disprove Officer Gonzalez's account because a human can rotate a full 180 degrees in about 0.5 seconds. It would have taken Officer Gonzalez as much time or more to react to the perceived threat. As such, the account of Officer Gonzalez, that the suspect was running away when he slightly turned around and pointed the firearm in the direction of officers, is consistent with the medical examiner's report that ██████ was shot in the middle of the back with a through and through which did not have an angle either downward or upward in trajectory. Kapelsohn concluded that, "In the time it would take Officer Gonzalez to raise his own

<sup>11</sup> Expert reports were explicitly part of the litigation and not previously explored by IPRA.

service pistol and begin firing, ██████ would have likely changed position and angle of his body as he ran—perhaps even changing it several times.”

#### IV. ANALYSIS/CONCLUSION<sup>12</sup>

Pursuant to our review of materials not considered in IPRA’s original investigation of this incident, though additional detail was probed during depositions due to new or more specific questioning, COPA has determined that the involved and witness officers provided testimony not inconsistent with their prior statements, including those provided to IPRA. Furthermore, pursuant to a review of deposition testimony and affidavits provided by witnesses, three of whom were not previously interviewed by IPRA, COPA has determined that additional investigation into the facts and circumstances surrounding the officer involved shooting is not merited.

##### Credibility of Witnesses:

██████ and ██████ were identified as witnesses pursuant to the litigation, but not previously discussed or identified by IPRA. ██████ recalled a series of events leading up to the officer involved shooting which was largely consistent with the accounts of officers and other witnesses. However, ██████ account diverges in that she claims not to have observed ██████ with a firearm, which is controverted by available video evidence depicting ██████ with a firearm in the moments ██████ would have observed ██████ did not observe the moments surrounding Officer Gonzalez’s firearm discharge.

Both ██████ and ██████ claim not to have observed ██████ with a firearm as he was being pursued by officers. ██████ provided deposition testimony as to ██████ path of flight inconsistent with that of other witnesses, involved officers, and other independent video evidence.

██████ however, indicated she observed an officer fire upon an unarmed ██████ credibility is called into question because she would have had a similar vantage point to that of Williams. Furthermore, photos taken on the date of the incident depict a tree line that more likely than not, would have obscured ██████ and ██████ view of the shooting incident.

██████ was sitting on his back porch when he saw a black male run past the liquor store and into the street, before turning around and picking up something from the sidewalk (later verified as a gun through independent video evidence). The male continued to run northbound on State Street holding his right side. ██████ then heard a vehicle’s engine and saw a gray SUV pull up with an officer hanging out the window with his gun drawn yelling “drop it, drop it.” The male then ran past a line of trees in the vacant lot and ██████ heard gunshots but did not see the shooting. ██████ is the most accurate of the eyewitnesses based on the independent video evidence that depicts a majority of the incident.

---

<sup>12</sup> While this Supplemental Summary Report of Investigation does not re-state all of the evidence contained in the original Summary Report of Investigation, the analysis, by necessity, takes all of that evidence into consideration when reaching the following conclusions. This analysis should not be interpreted as relying on the evidence contained in the investigative section of this document alone.

Martin indicated that he was barbequing when he saw an officer chasing a young man. The officer chasing the young man was wearing a red shirt and fired three times at the young man as he ran into the vacant lot. According to Martin, the young man was hit in the leg, then maybe the back. He attempted to get up after he fell to the ground, but two additional officers got out of a police vehicle and began firing at the young man. According to Martin, the young man did not have a gun. Martin's testimony and affidavit are inconsistent with the independent video evidence and ballistic evidence.

Analysis of Expert Testimony:

The Plaintiff's expert opines that the officers' account is inconsistent because the wound is one that is consistent with being shot in the back while running away. He further opined that [REDACTED] dropped the gun long before he was shot as the gun was found approximately 77 feet from [REDACTED] body.

The Defendants' expert opined that Officer Gonzalez's decision to fire at [REDACTED] was appropriate because, although [REDACTED] was running away, [REDACTED] turned and pointed the gun in the direction of Officer Gonzalez (as indicated by Officers Gonzalez, Hernandez and Nichols), and that, in the time it would have taken for Officer Gonzalez to fire, [REDACTED] could have turned toward, pointed his weapon, and then turned away from Officer Gonzalez. Kapelsohn explained that it would have taken Officer Gonzalez as much time or more to react to the perceived threat. Therefore, the account of Officer Gonzalez, that the suspect was running away when he slightly turned around and pointed the firearm in the direction of officers, is consistent with the medical examiner's report that [REDACTED] was shot in the middle of the back with a through and through which did not have an angle either downward or upward in trajectory.

The expert testimony in this case, coupled with questions of credibility surrounding inconsistent witness statements, is not so compelling as to suggest that additional investigation into the facts and circumstances of the incident would result in a finding that Officer Gonzalez's use of force was outside of Chicago Police Department policy at the time.

In conclusion, COPA's review of materials not considered in IPRA's original investigation of this incident does not dictate that additional investigative steps be taken, nor involved officers be presented with allegations of misconduct. Therefore, this matter should be closed and IPRA's original conclusion remain unchanged.

**SUMMARY OF INCIDENT:**

This investigation, in conjunction with information gained through the investigation initiated by the Chicago Police Department, revealed the following.

On 04 July 2013, Officer Douglas Nichols, #12415 (Driver Officer) and Officer Manuel Leano, #4303 (Passenger Officer) assigned to Beat #264C were in the area of Carter Elementary School, located at 5740 S. Michigan Avenue, when they observed the subject, now known as [REDACTED] Mr. [REDACTED] was standing at the north end of the playground, located on the east side of the school. Officer Nichols and Officer Leano observed Mr. [REDACTED] grab the right side of his waistband and turn away from the officers. The officers made a left turn onto Michigan Avenue and then turned into the parking lot behind Carter Elementary School. Mr. [REDACTED] fled on foot westbound through the parking lot and around the front of the school. The officers pursued Mr. [REDACTED] in their unmarked squad car. As the officers rounded the corner to the front of the school, they observed Mr. [REDACTED] run through an opening in the gate and proceed westbound across Wabash. The opening of the gate was too small for the officers' squad car to fit through, so Officer Leano exited the squad car and began to pursue Mr. [REDACTED] on foot.

Mr. [REDACTED] ran westbound across Wabash and into a vacant lot between 5724 and 5734 S. Wabash. As Mr. [REDACTED] continued to flee westbound, he pulled out a semi-automatic pistol from his waistband. When Mr. [REDACTED] reached the alley, he turned right and ran northwest to the intersection of 57<sup>th</sup> and State Street. Officer Leano continued to pursue Mr. [REDACTED] on foot and was approximately twenty feet behind him. As Mr. [REDACTED] got closer to the intersection of 57<sup>th</sup> and State Street, he ran in front of the front building occupying Garden State Liquors and Food, located at 5701 S. State Street, where Officer Leano lost sight of him.

As Mr. [REDACTED] approached the intersection of 57<sup>th</sup> and State Street, he attempted to throw the weapon he was holding into an open trash can. Mr. [REDACTED] then rounded the corner and attempted to flee east on 57<sup>th</sup> Street. When Mr. [REDACTED] rounded the corner, he observed Officer Nichols coming towards him in his unmarked squad car on 57<sup>th</sup> Street. Mr. [REDACTED] turned around, retrieved his weapon from the ground near the trash can, ran across 57<sup>th</sup> Street and continued north on State Street.

Officer George Hernandez, #16321 (Driver Officer) and Officer Robert Gonzalez, #12152 (Passenger Officer) assigned to Beat #264B responded to the area of 57<sup>th</sup> and State Street to assist Beat #264C. Beat #264B traveling northbound on State Street, pulled alongside of Mr. [REDACTED] announced their office and ordered Mr. [REDACTED] to "drop the gun." Mr. [REDACTED] turned right and headed eastbound through a vacant lot. Mr. [REDACTED] then turned toward the officers in Beat #264B, raised his right hand and pointed the weapon toward the officers. Officer Gonzalez, who was seated inside the squad car, discharged his weapon eleven times, striking Mr. [REDACTED] once.

Mr. [REDACTED] dropped the weapon and then staggered east through the vacant lot. Mr. [REDACTED] then turned back towards the weapon, as to retrieve it again, but collapsed under a tree just west of the alley. Mr. [REDACTED] was transported to John Stroger Hospital where he was later pronounced dead.
